

MainPower New Zealand Limited

Price Schedule

Applicable 1 April 2019

MAINPOWER ELECTRICITY REGION

The prices in this schedule are used to charge electricity retailers for the delivery of electricity over the MainPower network. Electricity retailers determine how to allocate this cost together with energy, metering and other retail costs when setting the retail prices that appear on customers' power accounts. More information is available in our pricing guide and in our pricing methodology. Both documents can be found on our website www.mainpower.co.nz. If you require assistance to understand how we calculate your lines charges please do not hesitate to contact our Regulatory Manager on 03 311 8553.

Notes

1. An approved Fixed Network Charge will apply for a minimum period of 12 months.
2. The distributed generation pricing option applies to all distributed generation regardless of whether it is on a residential or other price categories. At present it is zero rated.
3. A distributed generation supply MPDISTGEN is assigned to ICPs which are export-only without importing electricity from MainPower lines. All other ICPs with distributed generation use the optional price component of DG.

Residential Charges

1. Storage water heating must be subject to control in order to qualify for All Inclusive Residential and/or Night Only Supply. MainPower reserves the right to waive this requirement under special circumstances.
2. Night Only is available for approved fixed wired storage water heating, storage space heating and other approved systems. Supply of Night Only is limited to a maximum of 8 hours between 9:30 p.m. and 7:30 a.m. Storage water heating is subject to control. The Fixed Charge for All Inclusive Residential Supply coupled with Night Only is 30.00 cents per day excluding GST and after Prompt Payment Discount has been applied, (Low User Option 15 cents/day).

Rebates

MainPower's Preference Shareholders (also known as Rebate Shareholders or Qualifying Customers) continue to receive Rebates. The amount of Rebate received by Preference Shareholders and the manner in which it is paid, is subject to regular review by the Board. Rebates are only made available at the discretion of the Board of MainPower.

Rebates are paid monthly through the Electricity Retailers. Some Electricity Retailers choose not to show the rebate as a separate line on the invoice.

Charges for Other Supply

1. The above Network Charge rates for "Other Supply" customers assume that storage water heating and water storage for pumping purposes is controllable by MainPower. MainPower reserves the right to waive this requirement under special circumstances. MainPower also reserves the right to charge a higher fixed charge where a waiver is not approved and the customer requests an Uncontrolled Supply. MainPower also reserves the right to charge a higher fixed charge where Power Factor Correction requirements are not maintained.

2. Large user customers, i.e. customers consuming over 500,000 units per annum, may qualify for a volume discount. The level of discount is subject to negotiation between MainPower and each individual customer. MainPower will take into account a customer's load characteristics and other relevant circumstances.

3. A Fixed Network Charge waiver may apply for certain supplies in special circumstances, i.e. when approved by MainPower in writing.
